The Online Master of Legal Studies in Law

Established in 1779, William & Mary Law School has built its foundation on more than 300 years of excellence. We may be the oldest law school, but our faculty members embrace innovative methods of instruction and delivery to give you the hands-on, interdisciplinary educational experiences needed to excel in your career.

As a new addition to the highly ranked J.D. and LL.M. programs, the online Master of Legal Studies (MLS) is designed for non-J.D. professionals who want to expand their career opportunities through an understanding of the U.S. legal system. The MLS program offers industry-specific concentrations—the Compliance and Risk Management concentration and the Finance concentration—to help you maximize your potential and take on the legal challenges of your field.
